

NEW! cotton cleaner belts

specifically designed for use on cotton gin machines

Our new synchronous belts are specially designed for driving the cylinders on inclined cleaner machines and cotton gins. Bestorq cotton cleaner belts have been proven in field tests to perform equal to or better than any other brand of cotton cleaner belts.

COTTON CLEANER BELTS					
size (1" pitch)	pitch length (in)	belt width (in)	# teeth	weight (lbs.)	Bestorq list
61CCB142	61.07	1.5	61	1.50	\$177.84
63CCB165	63.00	1.5	63	1.55	\$183.67
63CCB165-2-1/2	63.00	2.5	63	2.60	\$306.12
64CCB170	63.95	1.5	64	1.58	\$186.58
65CCB175	64.95	1.5	65	1.60	\$189.50

Advantages of a Bestorq cotton cleaner belt:

- new tensile cords with extreme load carrying capability for ultra high strength to handle the most demanding jobs
- tooth facing synthetic fiber fabric proven to be resistant to oil, heat and ozone; giving belts superior wear resistance for long belt life
- rubber compound formulated for superior adhesion to tensile cords and tooth facing fabric; giving belts resistance to tooth shear and providing flexibility to further increase belt life
- competitively priced to save you money and hassle
